Memo re the
Relief applied for by the T. C.

The municipal grant-in-aid of Rs 200 p.m. to the St. Martin's Hospital was made from January 1886, the provision therefor having been made in the Budget of the Bangalore City municipality for 1885-86.

This grant in aid was intended to be continued even after the completion of the Government Hospital building (Vide para 6 of Pro Compl. No. 228-32 of 26/11/92)

(2) In para 2 of the Pro dated 27th September 1900, the Board resolved to request the Government to relieve them of certain charges, including the monthly grant of Rs 200 now being made

to the St. Chanthas Hospital

in view to enable them

which were transferred to the municipality in lieu of Police charges of which it was relieved in 1883..

The Municipality was relieved of these charges - therefore it is only but fair that they should pay this charge

(2) Relief of 2/3 of cost of Dispensaries as in the case of Avlapete Dispensaries. The E. J Board are not only unwilling to bear the 2/3 cost of these dispensaries but also request that they may be relieved of the 2/3 cost of the dispensary at Avlapete, which is now borne from D. F.

I think the Municipality will find it difficult to claim exemption from this charge

(3) Relief of monthly grant-in-aid of Rs 200 to St: Chrysostom's Hospital The S. The members of the Sub-Committee submit the following proposals for the Consideration of the Board:—

1 Whether some savings Cannot be effected by (1) Either (2) Stopping the Presidents' allowance

or (2) doing away with the appointment of the Vice President or (3) abolishing the Collector's post keeping in view the entertainment of a full time Health Officer who will supervise the Sanitation, Conservancy, Registration of Births and Deaths and other Miscellaneous duties.

2. The Municipal Commissioners' orderlies may continue as at present.

3. Government may be requested to relieve the Municipality of the Maternity Charges entirely.

4. To stop the monthly allowance of Rs 200/- now being paid to St. Martha's Hospital.

5. To be relieved of all Educational Charges.

6. To request the Government

Government to Contribute 2/3rd Cost of the other Dispensaries as in the Case of Aralepete Dispensary

If the above proposals are given effect to, a total savings of Rs 25447/- may be anticipated

Deducting out of the above sum Rs 6500/- being the amount of Contributions towards Maternity and income from School fees, the net savings will be Rs 18947/- and the Municipality then be in a position to raise a loan of two lakh of rupees for special improvements now in view.

Enclosure No.

Sir

Referring to Govt Proceedings No. 1110 P.W.D. of 28/11/99 authorizing the Municipality to raise loans for sewage, drainage and other Municipal works required to be carried out in the Bangalore City, I have the honor to inform you that Estimates for the following items have

been submitted by me to Government:—

I	Sewerage with stone ware pipes of the Bangalore City	7,20,457
II	Drainage of the Western Extension or Chamarajendrapet	1,48,911
III	Improving the present System of drains in the City	80000
	* Note.— This is the Cost as per revised estimate if stone ware pipes are used. If Cement pipes are used the Cost will amount to Rs.	
IV	Regrading and resectioning the Main drain	34,500
V	Diverting Sewage from the present open Main drain into a Covered drain	55,657
VI	Establishment of Sewage Farms (Remunerative work)	25,725
	Total Cost of Sewage Works	10,64,500
VII	Opening out roads and lanes through Congested parts and improving the Sanitation of the City	1,25000

VIII Improving the old Thargupete ——— 41,700

IX Extending Great Sri-
-nivasacharlu Street
to north up to Kilari
Dharmarayan Street — 12,500

Total Cost of Public Im-
-provements - 1,79,200

Add:—

X Opening out Conser-
-vancy lanes in the City
Approximate Cost of
Scheme under prepara-
-tion by the Municipality 50,000

Grand Total Rs 12,93,700

Item I being very large the work may be deferred for some time and the remaining works be taken up one or two at a time in the order of their urgency as the Board may decide.

3 The Expenditure on opening out roads and lanes in the City (Item VII)

(Item VII) up to 30th June 1900 amounts
to Rs 7,40,524 and this work should
therefore be the first to be carried
to Completion. The improvement
of the old Thanjapete is the next
in the order of urgency and the
Drainage of Chamarajendra apete
comes third. These 3 amount to
Rs 2,63,927, two lacs of which
could be spent in this official
Year and the balance should
therefore form the amount of the
loan to be raised at present

Sir,

I have the honor to acknowledge the receipt of Govern Proceedings with order thereon No.6616-18/L.F.43-98 dated 13t November 1900 calling upon me for certain information in connd tion with St.Marthas Hospital, I have now the honor to forwa a statement received from the Lady Superior of St.Marthas Hosl tal giving the necessary information .

From this statement it will be observed whilst the No in-patients have remained much the same since 1893-94, the out-patients have more than doubled itself. But the most mar ature in the statement is the increase in expenditure, espe ally in the past year. The total expenditure for 1899-1900 put down as Rs 21,210/15/6 against Rs 13725.2.6 for 1898-1899 or increase of Rs 7486.13

This increase is almost entirely under the head of d: the figures for the two years being as follows:-

1898.....1899 Rs 6693.12,

1899.....1900 Rs 12,162.15.6

or an increase of Rs 5469.3.6. The Noofin-patients for ~~the~~ are required was:-

1898.....1899 = 1862

1899.....1900 = 1891

or a small increase of 29. So that 29 patients ex a difference of Rs 5469.3 6 which to say the least is

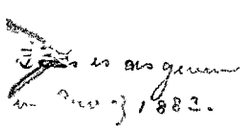
The Sub-Committee appointed by the Board in their resolution dated 30th November 1900 beg to make the following report re Charges to be relieved:—

Although the Municipal limits were not extended till recently, the Board were still unable to undertake works of any importance from the year 1870. The Current revenues were found to be hardly sufficient to meet the growing expenditure. The Board in their meeting of the 21st of February 1872 Submitted that as it is now shown that the entire Cost of the Police is a most serious burden on the resources of the Municipality

amounting as this charge now does to fully two-fifths of the total yearly income of the Board, the Chief Commissioner be addressed on the subject with a view to the Municipality being relieved from a portion of this charge and further, that Col. Meade be solicited to make over to the Board the proceeds arising from the sale of liquor licenses permission to make use of which as a source of Municipal Revenue has been provided for in section 34 of the Regulations. The Chief Commissioner was pleased to make over the income derived from this source to the Board but he would not interfere with Police

Charges. At that time it was undoubtedly a liberal grant but still the expenses were enormous. The question was being passed from time to time till Government passed proceedings No. 919-22-67 dated 26th May 1883 which relieved the Municipality of the Cost of the Town Police which amounted to Rs 26,578/- for annum.

(Spare copy put up)



The new institutions handed over to the Municipality in pursuance of the said order were (1) Medical Charity, (2) Other local Charities and (3) Educational grants-in-aid, the Cost of which amounted to Rs 17811/- The land revenue within Municipal limits then

This was given up from 1883

yielded Rs 12415/. The expenditure on the above mentioned items have since increased enormously while the income on the land revenue have dwindled down. The estimate of expenditure for the year 1900-1901 under the 6th head viz/ Health Department &c, amounted to Rs 14952/- under the 9th head viz/ Charitable grants Rs 31,697/ and under the 10th head viz/ Education Rs 12026/. Which has again increased. These 3 items if totaled up will now bring the expenditure to the aggregate sum of Rs 58675. Add to these the loss sustained in the shape of Land Revenue viz/

Figure 12415
Deduct 5200

Incorrect?

viz Rs 7215/- because the estimated income under the head in the year 1900-1901 was only Rs 5200/-, whereas it was Rs 12415/- when the order in 1883 was passed. Thus the Board have now to incur an expenditure of Rs 65890/- instead of Rs 17811/- as stated in Government order of 1883. This state of things discloses the fact that the increase in the expenditure under these heads has been (Rs 48079/-) 40864

The estimated income was only Rs 5200/-

This is incorrect. The figure represents the aggregate sum which the City should have set apart out of Land revenue for some charitable purposes during the years 1876-77 to 1882-83 under late Govt Order No 236-38/14 of 18/4/79

40864

Besides the roads have increased enormously in extent and the City has been extended on all sides. All this has necessitated an annual expenditure. The taxes during the past two years

viz a water rate of 3 per cent and a lighting rate of 1 per cent and Octroi duties on fresh articles has very nearly doubled the incidents of taxation which prevailed before. Having these things in view, the Board in their resolution dated 27th September 1900 submitted that they may be relieved of (1) the monthly allowance of -- St. Marthas (2) the Maternity Charges and (3) Educational Charges.

Re-Grant to St. Martha's Hospital

With the assistance of the Revd. Lady Superior, we were able to see the working of the Hospital on Monday the 23rd. Ultimo. We were much impressed with the — earnestness with which the work was being done in the Institution. The average attendance in the Hospital ranges between 200 and 300 a day. The several Wards for in-patients were almost full and in some instances we found that there were more patients than the Wards could accomodate. We are of opinion that it is fair that the Grant should be continued to the Institution. As the finances of the Municipality are not in a flourishing condition, the Govt. may be pleased to continue the Grant from Provincial Funds. The question

Therefore has to be decided along with the other question about the relief of the Charitable, Medical and Educational Charges. We herewith send the Copies of the Returns which the Hospital furnished to the Senior Surgeon last year.

The Conditions imposed by Govt. in Proceedings Camp No. 228-32 dated Mysore 26th November 1892 were the following:-

1 Medical relief shall be given to all who seek for it without distinction of Caste or Creed and throughout the day

2. Periodical, Statistical and other returns as may be prescribed by the Senior Surgeon shall be furnished.

3. The Institution shall be opened to periodical inspection of medical and other Officers of the Mysore Government who may be appointed for the purpose.

4. The Medical relief afforded shall be efficient including treatment of diseases of the Eye by a Specialist — admission thereto being on purely non — religious and non-Sectarian basis etc

With regard to these Conditions it is to be regretted that no provision seems to have been made for periodical inspections as prescribed in Govt Order. So this Condition has become practically a dead letter. It is not the fault of the Managers of the Institution that such a state of things prevailed till now. In the absence of definite orders on the Subject, the affairs Continued without the Condition being fulfilled.

With regard to Condition 2, the returns, we learn, are Submitted to the Senior

Surgeon. The Board may, if necessary, ask for Copies of the same being sent.

Other Conditions viz: 1 & 4 are being adhered to

General and Revenue Departments, Bangalore

No 4034

Dated 1st February 1902

Sir,

With reference to your No.3297/L.R-118-96 of 3rd August 1901, I have now the honor to forward herewith a letter received from the Lady Superior St: Martha's Hospital in reply to my No.3100 dated 2.11.01 in which she says that the present Medical Officer has spent one year in England qualifying as a Specialist in the diseases of the eye and has returned with the required certificates and diplomas. Mr. Vieyra the Medical Officer went home for a year during which time he took degrees in Medicine and Surgery, consequently the whole year could not have been spent in studying diseases of the eye.

I have already expressed my opinion very strongly regarding the continuance of the allowance of Rs.100/- per mensem to St: Martha's Hospital for an opthalmic ward under the supervision of a Specialist granted in Govt: Progs: No.228-32 dated I see no reason whatever to alter my opinion. At present Government are paying the Lady Superior Rs.100/- per mensem as a grant-in-aid to St: Martha's Hospital, 100/- per mensem for an Eye Infirmary under a Specialist, in addition to this the Lady Superior gets a grant-in-aid of Rs.200/- from the Municipal Funds making in all Rs.400/- per mensem. These allowances were granted at a time when there was practically no suitable Hospital or Eye Infirmary in the pettah belonging to Government, but now that Government have built a magnificent hospital within the city and have moreover a well equipped Eye Infirmary in close

proximity

If to be obligingly returned with other papers

proximity to St: Marth's, it appears to me to be very questionable whether these allowances should be continued.

The Lady Superior has up to date drawn on account of the ophthalmic ward in St: Marth's Hospital a sum of Rs.11,000 which to say the least speaks very highly of the liberality of the Durbar.

I have the honor to be,

Sir,

With reference to Memo: No: 3100 dated 2^nd Dec: 1901 has the honour to state that she does not know what Sir Cornillean's intention may be. In any case everything has been done to comply with the direction expressed in Gov^t Order No: 228-32 dated 26^th Nov: 1892 as our present Medical Officer has spent one year in England qualifying as a Specialist in the diseases of the Eye and has returned with the required certificates and diplomas.

Sir,

My attention has been drawn to an article which lately appeared in one of the Bangalore papers. That article discusses the Budget for the current year of the City Municipality and among other things states that a proposal has gone up to the Government of Mysore to reduce the grant to St: Martha's Hospital to Rs:100/- under the plea that the Municipal finances are rather at a low ebb just now.

I hardly think that in the face of Government Order dated 26th Novr.1892, the Government of Mysore would sanction that reduction. Yet I have thought it advisable to place a few facts before you with a view to show you that under the circumstances a reduction of grant to St: Martha's Hospital would be detrimental to the interests of justice as also of the subjects of His Highness the Maharajah who resort in large numbers to that institution for medical treatment.

As you are doubtlessly aware when the late Lady Superior of the Convent entertained the idea of building a hospital it was her intention to erect it close to the Convent within the limits of the Civil and Military Station. She received much encouragement from the then British Resident although the Bowring Hospital was already administering to the wants of the locality.

The City Municipality, however, recognising the advantage, made a special request that the Hospital might be built within the limits of the City. So pressing and urgent a need was a hospital there that the Municipality with commendable solicitude for the suffering poor came forward, and not only contributed Rs:5000/- towards its construction and Rs:200/- monthly towards maintenance, but made a special ap-

The Very Rev. Father Major,

peal to Government to sanction a Grant-in-aid of Rs:5000/- from the District and Rs:5000/- from the State funds. (Vide Resolution, Municipal Council, 30th Oct.1883.)

The late Reverend Mother having no other wish but that the Hospital should do the greatest good to the greatest number, consented to build it in the City where it was most needed, and the Municipality has, during the many years that the Hospital been in existance, been able to discharge its duty towards the suffering poor at the very cheap rate of Rs:200/ per mensem.

The Hospital was opened in 1885 but in 1887 the Pettah Hospital and dispensary was closed and the two institutions amalgamated by the medical staff being transferred to St: Martha's.

By Government Order, dated 26th Nov.1892, the Institutions were restored to the " Statu quo ante," where it was plainly stated that the Municipal Grant-in-aid of Rs:200/- per mensem to St: Martha's Hospital should be continued subject to certain conditions therein specified even subsequent to the opening of a separate hospital by Government and of smaller dispensaries. This Order has been confirmed by another Government Order, dated Bangalore, 15th Nov.1900. Sometime last year a Sub-Committee was appointed by the Municipality to enquire whether those conditions had been adhered to by the authorities of St: Martha's and on the favourable report of the Sub-Committee at a meeting of the City Municipality of the 19th Dec.1901, it was resolved that Government might be asked to pay from Provincial funds ; but, as the Institution was doing such excellent work, if the Government refused to pay, the Municipality undertakes to continue the Grant from their own funds. (Vide Proceedings of the City Municipality of Dec. 1901.)

The only pretext which might be invoked for the reduction of the Grant is the opening of the new Victoria Hospital. Yet we beg to represent to you that the opening of the

new instead of being reduced should rather be increased, if possible. And that the small present Municipal Grant of £ 500\ per annum for the Victoria and St: Martha's Hos ital in the City seems to vindicate themselves and every one will agree that there is room for more beds in the City of Westminster.

Here are the statistics for the last ten years. They or those dispensaries could throw more work on our Hospital.

More calmly in the vicinity of St: Martha's as the closing of the Hospital in the budget, several dispensaries are closed, as it is proposed to add three more so it's quite time.
